

# Bio 111 Pre-Lab for Lab #06: Name \_\_\_\_\_ Chemical Properties TA & Sect. \_\_\_\_\_

Choose any two molecules from Campbell, draw their structures below, indicate which one is more hydrophobic, and explain your reasoning briefly. You can use any two molecules from Campbell, but you must give the figure(s) where you found them.

Molecule 1

Campbell figure \_\_\_\_\_

Structure: (draw below)

Molecule 2

Campbell figure \_\_\_\_\_

Structure: (draw below)

Which molecule is more hydrophobic? (circle)

Molecule 1

Molecule 2

Explain your reasoning:
