

Exam 1

Excel Problem

(20 points). Below are the Math SAT scores for a group of new students at UMass Boston. Create a histogram of this data **using Excel**. Be sure to **label** your graph properly. Include your name. (The data is already in an Excel file call Exam 1 Problem 3 Sp2010.xls in the Class Data folder "Pawlak".)

Before you print a copy to submit, call me or Ashley to look at your screen and confirm your work is original.

610	480	530	620
450	490	500	710
560	450	490	510
480	610	600	470
560	720	590	440
530	630	480	490
670	490	660	610
