

**Assignment:**

In online lecture 12, click on the web link least developed states. This should provide you with links to video sessions of the UN Conference of least developed States, which were held on May 14, just click on to "webcast" on the left of the page. Also surf through the websites for the UNAids program, the World Food program, and the UNCTAD, which is identified by the key word-equitable-in Lecture 12.

Online lecture 12 deals with development, and various development strategies ranging from the demand for a New International Economic Order to sustainable development.
