

**Assignment:**

Be sure to check out the web links in lecture 6, such as the Nuclear Status Map, the text of the Comprehensive Test Ban Treaty, the text of the Non-Proliferation Treaty, the home page of the International Atomic Energy Agency, and the text of the Biological and Toxic Weapons Convention., and the site [www.nti.org](http://www.nti.org). which also deals with the problems associated with weapons of mass destruction.; this site which has been put together by the Monterey Institute, also contains detailed maps of facilities in such countries as North Korea and Iraq. Note that the [Israeli Atomic energy](#) Commission also now has a home page.

Note that the key points of lecture six cover the Partial Nuclear Test Ban Treaty, the problem of underground nuclear testing, the Non-Proliferation Treaty, and the International Atomic Energy Agency
